B Bracket

This first round tournament is for seeding into the next tournament. This is an opportunity to move up in the bracket for the tournament, or you could move down, but not lower than the teams that lost in the same round that were seeded lower. For example: If 6 lost to 11 and number 12, 10 & 9 lost the 6 would be seeded 9th because 12 would stay the same, 10 would be 11th seed and 9 would be the 10th seed. Good Luck to all the teams!
